In re Application of :
LARSSON, et al. :
Application No.: 10/585,787 (11/659,793) :
PCT No.: PCT/EP04/14668 : DECISION ON PETITION
Int. Filing Date: 23 December 2004 :
Priority Date: 30 December 2003 : UNDER 37 CFR 1.137(b)
Atty. Docket No.: 4208-51 :
For: METHOD AND ARRANGEMENT IN WIRELESS:
AD HOC OR MULTIHOP NETWORKS :

The petition to revive under 37 CFR 1.137(b) filed 09 February 2007 in the papers assigned application number 11/659,793 is hereby **GRANTED** as follows:

Regarding applicant's request for transfer of fees. The request is denied as unnecessary. The end result for an international application designating the United States of America is a single U.S. national stage application. Therefore, the submission of two sets of national stage papers to enter the United States was improper. The originally filed papers assigned serial number 10/585,787 remains the U.S. national stage application for international application PCT/EP04/14668 and the petition to revive is considered filed in that application. Serial number 11/659,793 will be discontinued and applicant should continue to refer to application number 10/585,787.

Applicant's statement that "the entire delay from when the national phase was schedule to be filed and the filing of this application was unintentional" and the prompt filing of the petition satisfies the requirement of 37 CFR 1.137(b)(3).

A review of the application file reveals that applicant has now provided a statement of unintentional delay and the requirements of 37 CFR 1.137(b) have been satisfied. Therefore, the request to revive the application abandoned under 35 U.S.C. 371(d) is granted as to the National stage in the United States of America.

This application is being forwarded to the United States Designated/Elected Office (US/DO/EO) for continued processing including 1) the placing of the papers filed on 09 February 2007 and assigned serial number 11/659,793 in application number 10/585,787, 2) transferring the petition fee paid on 09 February 2007 to application 10/585,787 and 3) the issuance of a Notification of Missing Requirements (Form PCT/DO/EO/905) indicating that an executed oath or declaration of the inventors is required.
